LEAN FOR THE LONG RUN.

At Boeing, lean manufacturing processes are an integral part of the long-term success of our products and the satisfaction of our customers. We are extremely proud that our Apache Program in Mesa, Arizona, and our Weapons Programs facility in St. Charles, Missouri, are recipients of the 2005 Shingo Prize for Excellence in Manufacturing. We celebrate our employees and our customers on this outstanding achievement.

On April 21, Boeing received the 2005 Shingo Prize for Excellence in Manufacturing for the AH-64D Apache Longbow helicopter program in Mesa, AZ and the Weapons Enterprise Capability Center (ECC) in St. Charles, MO. This recognition reinforces Boeing's commitment to world-class lean enterprise processes. This ad will run in defense trade publications and in St. Louis and Phoenix newspapers.
